SUBMITTAL OF SURFACE WATER INTERIM MEASURES (IM)/INTERIM REMEDIAL ACTION PLAN (IRAP) AND DECISION DOCUMENT FOR 903 PAD, MOUND AND EAST TRENCHES AREAS, OPERABLE UNIT NO. 2

Attached is the IM/IRAP and Decision Document for 903 Pad, Mound and East Trenches Areas, Operable Unit No. 2, dated September 18, 1990. This document has integrated the requirements of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980 and the National Environmental Policy Act (NEPA) per DOE Notice 5404.4. However, in accordance with requirements of DOE-HQ, transmitted through R.J. Schassburger, references to this being a NEPA document have been deleted. After the Public Review Period, the NEPA nomenclature will be restored to the document as requested by DOE-HQ.

Also attached for transmittal to EPA and CDH is a summary of revisions to the June 12, 1990 draft IRAP. The revisions were made based on EPA and CDH comments.

This document should be forwarded to EPA/CDH for review by September 18, 1990. We are prepared to deliver the document to the agencies as soon as we receive your transmittal letter. The document is scheduled to be transmitted for public review and comments on September 26, 1990 for a period of 60 days.

Please contact T. C. Greengard (ext. 7121), G. M. Anderson (ext. 5747) or O. Erlich (ext. 5959) if you have any questions.
